

Your provider will discuss and order a breast pump at your 28 week appointment.

Feeding the Future

Storkpump is AdaptHealth's insurance covered breast pump program. We support new and expectant moms by providing them with high-quality breast pumps at little to no cost. We have International Board Certified Lactation Consultants® (IBCLC) and Certified Lactation Counselors® (CLC) on staff to provide expert support when you need it most.

What we do

- + **Assist you** in obtaining a Breast Pump at little to no cost.
- + **Review options** to find a pump that best fits your lifestyle.
- + Handle all your **insurance billing** questions.
- + **Deliver the pump** as soon as insurance allows, to ease your stress.
- + **Support** with warranty, troubleshooting, lactation questions, and supplying new accessories.

What makes us different

Industry leading breast pumps: Brand name breast pumps at little to no cost.

Knowledgeable staff: Our team of IBCLCs, CLCs, and clinicians provide pump education to you at no cost.

Pump selection guidance: Robust knowledge of the products and prioritizes your lifestyle and goals during the selection process.

Extended customer service hours:

M-F: 9am-8pm ET / S-S: 9am-5pm ET

What we need

1 Mom's basic information

- + Name
- + Date of Birth
- + Insurance
- + Shipping Address

2 Prescription

Ask your provider how you can receive a breast pump through Storkpump.

Please do not order your breast pump until discussed with your provider at your 26-28 week OB appointment.
